

Majestic Farm Accident Preparedness Plan

The following procedures must be followed in the event of an accident:

- 1) Do not move the patient.
- 2) Call the Show Medical Personnel via the Show Communication designated radio channel and give them the accident location
- 3) Contain the horse in a spare stall.
- 4) Only the Show Medical Personnel will evaluate the patient and determine the patient status.
- 5) If required, call 911. The Safety Officer or designated member of the show personnel will make this call from the horse show office landline so that the Emergency Medical Services have the correct location. Exhibitors are asked not to make 911 calls using their cell phones.
- 6) Ring crew will clear any obstacles that could block access by an ambulance
- 7) Ring Steward and/or other show personnel will keep the spectators back.
- 8) Manager and other show personnel will keep the road clear so ambulance can get through without causing further injury or damage.
- 9) The Safety Officer or a designated member of the show personnel will meet the ambulance and emergency personnel at the show grounds entrance and escort them to the accident scene as well as ask them to turn off their sirens and lights.
- 10) Horse Show Technical Delegate and Medical Personnel will complete USEF accident/injury report form.

Isolation Protocol: Remove horse from Majestic Farm's private facility

Phone Numbers

Horse Show Office Phone Number: (513) 625-3055

After Hours for Dressage Shows Only: (513) 266-2567
